## Informed Consent Form and Statement of Confidentiality for School-Wide Assessments

While enrolled at DC Bilingual Public Charter School, teachers and staff will engage your child in specific assessment activities, testing or screenings (vision and hearing may be included). The purpose of these activities is to measure and track student's school progress, identify student needs, make programming decisions, address state testing requirements, and to fulfill DC Bilingual's accountability plan. Individual results of tests and assessments will be shared with parents in report cards and parent-teacher meetings as appropriate. Assessment and test results may also be summarized and reported on to evaluate the success of the school's overall program and to create intervention plans when needed. Please note that any information that is reported publically will be shared anonymously in terms of overall percentages. DC Bilingual is committed to tracking and supporting both the individual progress of students in school and the overall effectiveness of the school's academic program.

Your child's school performance and progress will be shared with you directly and will be held in complete confidentiality. Information used to evaluate program effectiveness and success will not identify students by name or other identifying information, and therefore individual scores and performance will also remain confidential. You are encouraged to talk with your child's teachers or DC Bilingual administrators if you are interested in finding out more about procedures, testing instruments and assessment activities that will be implemented throughout the year.

Some assessment and testing activities are required by the Office of the State Superintendent of Education and therefore, all students enrolled in public schools in the District are required to participate. Other assessment and testing activities are conducted at the discretion of DC Bilingual PCS. You may discontinue participation in non-essential activities at any time without penalty or loss of benefits for your child.

*I have read the above statement and hereby give permission for my child, \_\_\_\_\_, to participate in assessment activities and testing as described above while enrolled at DC Bilingual Public Charter School for the 2018 – 2019 school year.*

## Family Educational Rights and Privacy Act (FERPA) Student Directory Information

*[Note: Per 34 C.F.R. § 99.37(d), a school or school district may adopt a limited directory information policy. If a school or school district does so, the directory information notice to parents and eligible students must specify the parties who may receive directory information and/or the purposes for which directory information may be disclosed.]*

The *Family Educational Rights and Privacy Act (FERPA)*, a Federal law, requires that **DC Bilingual PCS**, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, **DC Bilingual PCS** may disclose appropriately designated "directory information" without written consent, unless you have advised the **DC Bilingual PCS** to the contrary in accordance with **DC Bilingual PCS** procedures. The primary purpose of directory information is to allow the **DC Bilingual PCS** to include information from your child's education records in certain school publications. Examples include but are not limited to:

In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965, as amended (ESEA) to provide military recruiters, upon request, with the following information – names, addresses and telephone listings – unless parents have advised the LEA that they do not want their student's information disclosed without their prior written consent. **[These laws are Section 9528 of the ESEA (20 U.S.C. § 7908) and 10 U.S.C. § 503(c).]**

If you do not want **DC Bilingual** to disclose any or all of the types of information designated below as directory information from your child's education records without your prior written consent, you must notify the DC Bilingual in writing by **June 15th, 2018**. If notification is not returned by the designated date it will be assumed that the below information may be included as directory information for the remainder of the school year. A new release notification is sent home yearly and parents must submit a new non-disclosure notification in writing at that point. **DC Bilingual PCS** has designated the following information as directory information: **[Note: a LEA may include all the information listed below.]**

## Internet Safety Tips for Parents

### **Learn the basics of Internet safety**

Children use a variety of online services, and each of these services can have different safety concerns. However, there are some basic tips which you can employ no matter how your children use the Internet.

- Keep the computer in a high-traffic area of your home.
- Establish limits for which online sites children may visit and for how long.
- Remember that Internet technology can be mobile, so monitor cell phones, gaming devices, and laptops.
- Surf the Internet with your children and let them show you what they like to do online.
- Know who is connecting with your children online and set rules for social networking, instant messaging, e-mailing, online gaming, and using webcams.
- Continually dialogue with your children about online safety.

### **Start a discussion with your child**

- What are your favorite things to do online?
- What is personal information? Why should you keep it private?
- What could you do to be safer online? What would you do if anyone online asked to meet you face-to-face?
- Besides me, who do you feel that you can talk to if you are in a scary or uncomfortable situation?
- If you're curious to learn about things what do you do? Who do you ask about that information?

## DC Bilingual Photo & Social Media Use Policy

One of the best ways we can promote our school and keep our DCB Community involved is through the use of

**photos and videos we take during the school year.**

Our DCB Communications Department features photos and videos throughout the day on Facebook, Twitter and within school promotional materials. We use these visuals to keep our community excited about DCB in an effort to constantly keep our DCB Community informed about what's happening at school, highlight special moments, and showcase our outstanding students and staff. We also use a collection of photographs in our annual yearbook.

Our social media posts on Facebook and Twitter are geared towards giving the DCB Community a glimpse into what is happening each school day. We utilize a variety of photos submitted by teachers during their daily classroom activities and do not use children's names in the postings.

Our Facebook Page is an organization page 'liked' by those within our DCB Community – including supporters, board members, family members and others interested in what we do here at DCB. Our page is not viewable to those who do not 'Like' our page and we take every precaution to post and display photos and our students in a positive, educational light.

***If you do not wish your child to be featured in photographs posted on social media, please stop by the charter office to sign a waiver form. In order for DCB to remove your child's name from the list of DCB photo & social media we need the waiver form to be signed by a parent or legal guardian.***
